**DETAILED ACTION**

***Terminal Disclaimer***

The terminal disclaimer filed on 09 July 2004 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US Patent 6,650,415 has been reviewed and is accepted. The terminal disclaimer has been recorded.

***Allowable Subject Matter***

Claims 57-70 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record, taken alone or in combination, fails to disclose or render obvious, a broadband spectroscopic ellipsometer that includes a compensator disposed in the path of a light beam to induce phase retardations of the polarization state of the light beam wherein the range of wavelengths and the compensator are selected such that at least a first effective phase retardation value is induced that is within a primary range of effective retardations of substantially 90 degrees to 180 degrees and at least a second effective phase retardation value range, in combination with the rest of the limitations of claim 57.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
